# Announcement to all Teachers

## REWARD NOTES

HOW TO EARN REWARD "NOTES ♪":

- On repairs, purchases of new instruments and all supplies
- Any of your students or parents who order new instruments or supplies by phone or website to be delivered to the school, will also qualify for reward notes for your band. You may want to make them aware of this convenient option and how it will benefit your music department as a band booster fundraiser.

The "notes" value will be calculated at 2.5% of the invoice sub-total, before taxes (\$40.00 = 1 reward "note"). These notes can be accumulated for as long as you -the music teacher - are at a particular school. If you move, you could redeem them or donate them to the new teacher.

For more details on this program, please call our office.

Before

After

### Bassoon Repair

When accidents happen, we go to work.

In the “before picture” a high school bassoon with 43 years of wear and tear, arrived at our repair shop with a broken tenon.

The repair had two options; replace the complete body section or machine from scratch a new tenon.

As the customer had limited

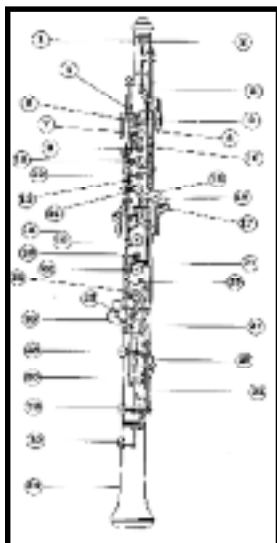

resources, the tenon job was selected.

To begin with, we sourced a piece of seasoned hardwood; made a special internal bore cutter; turned both the inside and outside areas of the wood to the correct diameter; cut the cork groove; bored out the bassoon with a ring groove for better grip; inserted the new tenon; sealed the wood in a special solution; and completed the repair within the teacher’s budget.

Flute Microphone

Part No.	Description	Unit \$
AMTZ117S	AMT Flute Microphone with Pre-Amp	\$640.00

The ZS is a low-profile condenser microphone system specifically designed for the flute family. It provides pure tonal reproduction while being unobtrusive. One mic is placed at the embouchure hole, and the other mic is placed over the keys.

The unique clamp design does not impede the natural resonance of the instrument. The VS features a supple, flexible goose-

neck, allowing the player to position for maximum tone quality reproduction while being unobtrusive.

Its rugged construction of anodized aviation aluminum makes it highly durable, while being lightweight and non-corrosive.

The ZS is terminated by a 3.5mm plug. Includes belt pack, low Z cable and case.
